

Shape your Academic Journey with BWSC A/S

Are you a student looking for exciting opportunities to write your master's thesis, bachelor's project, or semester project? Or perhaps you're interested in an internship, or a different kind of collaboration with a global company? At BWSC, we offer a range of opportunities for students who want to apply their knowledge and skills in practice.

Who are we?

BWSC is an international company specializing in energy and sustainability. We have a strong focus on innovation, technology, and efficiency, and we're always on the lookout for new perspectives and creative solutions. As a student with us, you'll have the chance to work on exciting projects in a dynamic and engaging work environment.

What do we offer?

At BWSC, you can choose from a range of opportunities that fit your academic journey:

- **Master's Thesis:** We offer guidance and support for master's theses in various fields such as energy, technology, sustainability, and project management.
- **Bachelor's Project:** Gain experience solving real-world problems and gain insight into working in an international company.
- **Semester Project:** Work on projects directly related to our business and contribute to developing new solutions.
- **Internship:** Gain practical experience in energy and sustainability through hands-on projects.
- **Other Collaboration:** We are open to tailored collaborations that can add value to both your studies and our business.

What can you expect?

- The opportunity to work closely with experienced professionals who are experts in their field.
- An inspiring and challenging work environment where your ideas and initiatives are taken seriously.
- Flexibility and support to adapt your project to meet academic requirements.

Are you interested?

If you're curious about how a collaboration with BWSC can strengthen your studies and open up new career opportunities, we'd love to hear from you! We look forward to hearing about your interests and how we can create value together.
