

# Stores Person / Mechanical Technician, Brigg, UK

## What are we aiming for?

Do you have a high level of attention to detail managing stores in power generation? Do you have the ability to safely carry out mechanical maintenance and maintain high levels of QHSE? Then you might be our new Stores Person / Mechanical Technician to join our team at our Brigg Renewable Energy Plant.

## What will you be doing?

Reporting to the Maintenance Manager, primarily responsible for managing an accurate store's inventory and ensuring the CMMS system is aligned. It is desirable for the successful candidate to be able to assist the maintenance team to undertake routine planned and reactive maintenance on site.

## Summary of key responsibilities:

- Responsible for ensuring the stores stock inventory is maintained to a high level of accuracy, clearly identifying spares numbers, description, location and quantity on stock.
- Ensure COSHH materials and equipment are stored in the correct manner.
- Ensure the CMMS system matches the actual stores stock inventory and undertake an annual audit to ensure compliance.
- Responsible for setting a high visual standard and ensuring these standards are maintained through annual shutdowns.
- Monitor inventory levels and order stock when necessary.
- Receiving all deliveries and checking the goods received.
- Manage all collections from stores.
- Picking and delivering goods by using a forklift.

## Summary of desirable responsibilities:

- Ability to assist / undertake practical application and timely diagnosis, fault finding and scheduled / unscheduled repair and maintenance of the mechanical plant and systems.
- Provide operational support for all planned outages as required.

## Qualifications to succeed

You are a self-starter with drive, attention to detail, who welcomes the chance to take the initiative. You bring a systematic approach to your work and your positive, proactive approach enables you to take a task and run with it independently.

As a person, you ensure excellence through your motivation and energy.

## The below qualifications/skills are essential:

- High level of attention to detail and excellent organisational skills.
- Ability to work methodically and quickly.
- Strong English skills, both verbal and written.
- Basic IT skills to ensure the CMMS systems can be updated accurately.
- Excellent time management skills and exceptional work ethic.
- Able to build and develop strong relationships within multiple internal and external teams.
- Ability to work independently.

## The below qualifications are desirable:

- FLT licence.
- Mechanical maintenance qualifications / experience.

## What do we offer?

BWSC gives you access to a great network of possibilities. We build inspiring careers locally and internationally.

We offer a key position with great colleagues and the possibility to bring your skills into play and growth on a personal level. Whilst working as a Stores Person / Mechanical Technician at BWSC we offer a competitive starting salary with the opportunity for overtime, and a great total reward package including:

- Health Care Cash Plan
- Employee Assistance Programme
- Salary Exchange Pension contributions
- Fixed employer Pension contribution of 6%

- Contractual sick pay
- 33 days annual leave (inclusive of the 8 statutory Bank Holidays) with the addition of 1 extra days annual leave for every 5 years of service
- Life Assurance cover
- Opportunity to earn an annual bonus (depending on business performance)

This role is a full-time role contracted for 40 hours per week, working Monday to Friday 8:00am to 4:30pm, with overtime and weekend working as required.
