

Operations Technician Apprentice, Brigg, UK

Does sustainable energy trigger your interest? Would you like to join a dynamic engineering firm with an entrepreneurial, fast paced, value-driven culture? Are you ready to help us create 'Ever Better Energy'? Then you could be our next Operations Technician Apprentice at our Brigg Renewable Energy Plant.

What will you be doing?

Reporting to the duty shift team leader to ensure the plant is operated with respect to safety, environmental and operational limits at all times, whilst maximising availability, reliability and efficiency.

Core Duties

- Part of the shift team to actively deliver, using 'on-shift' resources, the planned and reactive first line maintenance, operational routines and testing requirements, to achieve availability and reliability targets required.
- To work flexible working patterns in support of the business, able to change working patterns where necessary in order to meet the needs of the business.
- Carry out other such responsibilities and duties commensurate with the position as required by the company.

Qualifications and Knowledge to succeed

A priority candidate would have the following:

- Good observation and recording skills
- Excellent attention to detail
- Ability to take on board feedback constructively
- Work well under pressure
- Excellent verbal communication skills
- Flexible and proactive attitude
- Desire to succeed
- Basic IT skills for carrying out basic tasks on a computer or hand-held device, fill in a daily log, enter and process data in spreadsheets
