

Purchaser

Are you a strategic thinker? Looking for an opportunity to apply your strong purchasing skills and make a difference at group level?

This is an opportunity for a dedicated Purchaser to be part of a team, that truly makes a difference in our dynamic work environment across the entire business.

Are you ready for your next challenge to be part of this exciting team?

BWSC – Ever better energy!

Join us in our mission in building a world of sustainable energy making a meaningful impact on the world of power generation and energy conversion.

BWSC is a leading player in the power generation industry, specializing in the service, operations, and maintenance of power plants. We are at the forefront of sustainable energy solutions, working closely with Original Equipment Manufacturers (OEMs) to develop and construct cutting-edge power-to-x facilities. Our commitment to excellence, innovation, and environmental stewardship sets us apart in the industry.

The position

Reporting to the Snr Strategic Group Procurement Manager. You will have the ability to build strong relationships and be confident working with key stakeholders across the business from commercial and technical teams up to Director level.

You will support global projects, providing budgetary quotes, formulating a tender process, evaluating the results and negotiating deals in line with the business requirements.

Preparing Purchase Orders and collaborating with Logistics when required to monitor on time delivery.

Identifying cost saving initiatives and developing framework agreements for Direct and Indirect goods with a large focus on professional service providers that operate within the energy sector environment.

There is not a heavy demand for frequent travel, however it may be required from time to time.

Qualifications

- A Professional qualification in procurement or business administration, alternatively 5+ yrs experience in procurement sourcing and contract management.
- Strong IT Skills, proficient with Microsoft applications and knowledge of ERP systems. (IFS and Novacura would be advantageous).
- Experience of ISO 9001, 14001 and 45001 (or OHSAS 189001)
- General knowledge of power generation is not a necessity but preferable.

What do we offer?

By joining BWSC you get the chance to promote sustainability and environmental responsibility.

With an exciting Key position, great colleagues and the possibility to bring your skills into play with growth on a personal level. We offer a competitive starting salary and a great reward package.

The position can be based in either Denmark or the United Kingdom.

For Danish applicants, you will join our BWSC HQ in Allerød, near the train station and only a 30 min ride from centre of Copenhagen. We have a good canteen, fitness facilities, and an active Staff Club contributing with various types of events and activities.

In The United Kingdom the position will be based at the Sleaford Central office with some Hybrid work.

We look forward to hearing from you

You can apply by selecting the apply link.

For applicants to UK - All applicants must have the right to work in the UK in order to apply.

We will review applications and proceed with relevant candidates on an ongoing basis, so please make sure to apply as soon as possible – **and no later than 18th July 2025**. We look forward to receiving your application, if you have any questions regarding the position, please do not hesitate to contact Senior Strategic Group Procurement Manager Lee Blount at leebl@bwsc.dk

BWSC wants to promote equality and diversity. We encourage all qualified candidates to apply - regardless of ethnic background, gender, sexual orientation, disability, religion, or age. We therefore recommend not stating age etc. on application documents.

BWSC no longer receive, or handle applications received via email due to the directives of the GDPR. For your application to be processed, you must submit your application via our online recruitment system.

About BWSC

Burmeister & Wain Scandinavian Contractor A/S (BWSC) is a global power plant Operation & Maintenance and technical service provider with engineering expertise, enabling power plant owners to deliver cleaner and affordable energy. We are experts in servicing, upgrading, operating, and maintaining energy systems for diesel, natural gas, and renewable baseload power plants. We help our customers increase reliability and availability of energy production, improve efficiency and performance of their power plant, design and integrate future-proof technologies, and secure lower cost of maintenance. At BWSC, we work with customers in Europe and beyond to tackle energy storage, carbon capture, Power-to-X and related energy transition challenges.

Our people are at the core of everything we do and key to a positive relationship with our customers. We invest in our people and their wellbeing, to ensure continued success and growth of the company.
