

# Business Partner for O&M – Shape the Financial Backbone of Sustainable Energy at BWSC

*Are you a proactive financial professional ready to shape processes, enhance control, and drive collaboration in a company undergoing a transition? BWSC is seeking a **Business Partner for our O&M Business Unit** to strengthen our financial operations during this pivotal period.*

## **BWSC – Ever better energy!**

Join us in our mission in building a world of sustainable energy and making a meaningful impact on the world of power generation and energy conversion.

BWSC is a leading player in the energy sector, committed to rethinking the way energy powers the world. As we have shifted from building power plants to specializing in Operations & Maintenance (O&M) services, we are focused on developing cutting-edge solutions for a sustainable energy future. This transition demands stronger financial processes, and we are looking for someone who can take the lead in this critical area.

## **Your role**

As Business Partner for O&M (operational & maintenance), you will join a team of 6 skilled professionals and play a vital role in establishing financial processes, ensuring control, and enhancing collaboration across departments. Reporting directly to the Director of Business Finance and working closely with PD (project directors), you will support the management reporting of O&M financial figures.

Key responsibilities include:

- Financial advisory and support for the O&M unit.
- Forecasting and budgeting to ensure sound financial planning.
- Cost analysis to optimize operational performance.
- Business risk management for mitigating financial risks.
- Performance analysis to drive financial efficiency.
- Monthly closing process to ensure accurate financial reporting.
- J-SOX process audit to ensure compliance with regulatory standards.
- Inspection visits to power plants to understand operational challenges and support financial alignment.

What we are looking for

We foresee that the ideal candidate has:

- Proven experience in a financial role, preferably in a corporate or industrial setting.
- Familiarity with IFRS15 and a solid understanding of reporting and compliance requirements.
- Strong process development skills, with a focus on continuous improvement and collaboration.
- A structured, analytical mindset with the ability to work in a dynamic, changing environment.
- You are a team player with good interpersonal skills and can interact with colleagues and other stakeholders at all levels of the organization

## **What do we offer?**

You will be joining BWSC at an exciting time, where you can make a tangible impact on our transition to a more sustainable future. As part of a collaborative team of experienced professionals, you will be instrumental in shaping the financial backbone of our O&M operations.

At BWSC, we offer:

- Opportunities for professional growth and development.
- A dynamic workplace with a strong focus on innovation and sustainability.
- A comprehensive benefits package including access to our canteen, fitness room, and social activities through our active Staff Club.

We look forward to hearing from you

You apply by following the application link.

We will review applications and proceed with relevant candidates on an ongoing basis, so please make sure to apply as soon as possible – and no later than 17th of January 2025. We look forward to receiving your application, if you have any questions regarding the position, please do not hesitate to contact Oksana Sieland at oksa@bwsc.dk

BWSC wants to promote equality and diversity. We encourage all qualified candidates to apply - regardless of ethnic background, gender, sexual orientation, disability, religion, or age. We therefore recommend not stating age etc. on application documents.

*BWSC no longer receive, or handle applications received via email due to the directives of the GDPR. For your application to be processed, you must submit your application via our online recruitment system.*

**About BWSC**

*Burmeister & Wain Scandinavian Contractor A/S (BWSC) is a global power plant Operation & Maintenance and technical service provider with engineering expertise, enabling power plant owners to deliver cleaner and affordable energy. We are experts in servicing, upgrading, operating, and maintaining energy systems for diesel, natural gas, and renewable baseload power plants. We help our customers increase reliability and availability of energy production, improve efficiency and performance of their power plant, design and integrate future-proof technologies, and secure lower cost of maintenance. At BWSC, we work with customers in Europe and beyond to tackle energy storage, carbon capture, Power-to-X and related energy transition challenges.*

*Our people are at the core of everything we do and key to a positive relationship with our customers. We invest in our people and their wellbeing, to ensure continued success and growth of the company.*
