

Project Manager to the Energy Industry

Play a central role in advancing the world of sustainable energy by leading and overseeing complex service projects that ensure operational excellence and alignment with BWSC's strategic goals. At BWSC, we are seeking a Project Manager to manage projects from initiation to completion, driving efficiency, mitigating risks, and fostering strong stakeholder collaboration. Join us in shaping the future of power generation and make a real impact through innovation and sustainable solutions.

BWSC – Ever better energy!

Join us in our mission in building a world of sustainable energy and making a meaningful impact on the world of power generation and energy conversion.

BWSC is a leading player in the power generation industry, specializing in the service, operations, and maintenance of power plants. We are at the forefront of sustainable energy solutions, working closely with Original Equipment Manufacturers (OEMs) to develop and construct cutting-edge power-to-x facilities. Our commitment to excellence, innovation, and environmental stewardship sets us apart in the industry.

The position

As Project Manager within our Service function, you will play a key role in overseeing projects from start to finish, ensuring alignment with company goals and objectives. You will be responsible for managing client and stakeholder relationships, mitigating risks, and driving efficient execution through effective contract management. You will collaborate closely with clients, suppliers, subcontractors, and internal stakeholders to secure project success.

Tasks

- Oversee and manage the entire project process within the Service function.
- Ensure that all projects are delivered on time, within scope, and within budget.
- Participate in reviewing and finalizing contracts to ensure clarity, accuracy, and completeness.
- Support negotiations with clients, suppliers, and subcontractors to minimize risks and secure project budgets.
- Oversee execution and administration of contracts throughout their lifecycle.
- Identify and mitigate contractual risks while ensuring compliance with laws, regulations, and company policies.
- Monitor contract performance and address any discrepancies.
- Provide regular updates and reports to senior management on project and contract status.
- Build and maintain strong relationships with clients, suppliers, and subcontractors.

Qualifications

We foresee that the ideal candidate is passionate about project management, takes initiative, and can work independently in a dynamic and fast-paced environment.

Professional

- Preferably a bachelor's degree in marine, mechanical, or electrical engineering.
- At least 5 years of relevant work experience in the energy industry or a related field.
- Minimum of 5 years of experience in project management, preferably within engineering and/or construction.
- Proven track record of successfully negotiating and managing complex contracts.
- In-depth knowledge of contract law, regulations, and best practices.
- Proficiency in contract management software and Microsoft Office Suite.
- Strong understanding of legal and regulatory compliance related to contracts.
- The position requires flexibility to travel occasionally when needed.
- Fluent in English, both written and spoken. Knowledge of additional languages is an advantage.

Personal

- Strong analytical and problem-solving skills with high attention to detail.
- Excellent communication and negotiation skills, both written and verbal.
- Ability to work effectively in a fast-paced environment and manage multiple priorities.

- Personal impact and assertiveness with people at all levels and across functions.
- Strategic mindset with the ability to see the bigger picture.
- Strong collaboration skills and ability to build trusted relationships.
- Flexibility to shift mindset and work hands-on when required.

What do we offer?

By joining BWSC you get the chance to impact and contribute to meaningful projects that promote sustainability and environmental responsibility. We offer an exciting position in a dynamic, skilled, and collaborative work environment. Further we promote opportunities for professional development and growth.

We have a great canteen, fitness facilities, and an active Staff Club contributing with various types of social events and activities. Our headquarters is located in Allerød, conveniently near the train station and just a 30-minute ride from central Copenhagen.

We look forward to hearing from you

We will review applications and proceed with relevant candidates on an ongoing basis, so please submit your application as soon as possible, and **no later than October 20, 2025**.

We look forward to receiving your application. If you have any questions regarding the position, feel free to contact Director, Søren Hubert Petersen at sohp@bwsc.dk.

BWSC wants to promote equality and diversity. We encourage all qualified candidates to apply - regardless of ethnic background, gender, sexual orientation, disability, religion, or age. We therefore recommend not stating age etc. on application documents.

Learn more about us at our website, www.bwsc.com, where you can read about our projects, strategy, and vision at BWSC.

BWSC does not receive, or handle applications sent via email in compliance with GDPR regulations.

About BWSC

Burmeister & Wain Scandinavian Contractor A/S (BWSC) is a global power plant Operation & Maintenance and technical service provider with engineering expertise, enabling power plant owners to deliver cleaner and affordable energy. We are experts in servicing, upgrading, operating, and maintaining energy systems for diesel, natural gas, and renewable baseload power plants. We help our customers increase reliability and availability of energy production, improve efficiency and performance of their power plant, design and integrate future-proof technologies, and secure lower cost of maintenance. At BWSC, we work with customers in Europe and beyond to tackle energy storage, carbon capture, Power-to-X and related energy transition challenges.

Our people are at the core of everything we do and key to a positive relationship with our customers. We invest in our people and their wellbeing, to ensure continued success and growth of the company.
