

IT System Administrator

Are you passionate about operating, maintaining, and securing IT systems that support critical business operations? Do you thrive in a hands-on role where reliability, security, and continuous improvement are key? Then you might be our new IT System Administrator.

BWSC – Ever better energy!

Join us in our mission in building a world of sustainable energy and making a meaningful impact on the world of power generation and energy conversion.

BWSC is a leading player in the power generation industry, specializing in the service, operations, and maintenance of power plants. We are seeking to always provide Ever Better Energy whether it comes to optimizing a conventional power plant, operating a biomass power plant or constructing new energy facilities. Our commitment to excellence, innovation, and environmental stewardship sets us apart in the industry.

The position

As IT System Administrator, you will be a key member of our IT department, responsible for the daily operation, maintenance, and security of BWSC's IT environment. You will work closely with colleagues across the organization and with external partners to ensure a stable, secure, and well-functioning IT infrastructure that supports our global business. Your responsibilities will include:

- Daily operation, administration, and maintenance of BWSC's IT infrastructure, including on-premises and cloud-based solutions
- Administration and support of Microsoft 365 services (Exchange Online, Teams, SharePoint, OneDrive)
- User and device management via Azure AD / Entra ID and Intune
- Support configuration and rollout of new solutions, including Copilot, in collaboration with colleagues and vendors
- Ensure IT security and compliance through tools such as Microsoft Purview and Check Point
- Network and infrastructure administration (Juniper, VMware, SAN, hosts, firewall solutions)
- Monitoring, troubleshooting, and incident handling at second- and third-level support
- Maintain and update technical documentation, procedures, and user guides
- Participate in IT projects, upgrades, and change management initiatives
- Collaborate with internal stakeholders and external partners to ensure best practices and continuous improvements
- Provide professional and service-minded user support when needed

Qualifications

We imagine that you are a structured and responsible IT professional who enjoys taking ownership of daily operations and ensuring that systems run smoothly and securely. You are comfortable working independently, yet value collaboration and knowledge sharing within the team.

Professional skills

- 3–5 years of experience as an IT System Administrator or in a similar operational IT role
- Strong hands-on experience with Microsoft 365 administration
- Solid knowledge of Azure AD / Entra ID, Intune, Teams, SharePoint, and identity management

- Experience with IT security, compliance, patching, and access control
- Knowledge of networking, virtualization, and infrastructure operations
- Relevant IT education (e.g. Data Technician, IT Engineer, Bachelor in IT, or equivalent experience)
- Fluent in Danish and English, both spoken and written
- Relevant certifications (e.g. Microsoft 365, Azure Administrator) are an advantage, but not a requirement

Personal skills

- Structured, analytical, and solution-oriented approach
- High sense of responsibility and attention to detail
- Strong collaboration and communication skills
- Service-minded attitude with focus on user experience
- Comfortable working in a dynamic, international organization

What do we offer?

By joining BWSC you get the chance to impact and contribute to meaningful projects that promote sustainability and environmental responsibility. We offer an exciting position in a dynamic, skilled, and collaborative work environment. Further we promote opportunities for professional development and growth.

We have a great canteen, fitness facilities, and an active Staff Club contributing with various types of social events and activities. Our headquarters is located in Allerød, conveniently near the train station and just a 30-minute ride from central Copenhagen.

We look forward to hearing from you

We will review applications and proceed with relevant candidates on an ongoing basis, so please submit your application as soon as possible, and no later than September 6th, 2026.

We look forward to receiving your application. If you have any questions regarding the position, feel free to contact Head of IT Infrastructure and Security Claus Henrik Bering at chb@bwsc.dk

BWSC wants to promote equality and diversity. We encourage all qualified candidates to apply - regardless of ethnic background, gender, sexual orientation, disability, religion, or age. We therefore recommend not stating age etc. on application documents.

Learn more about us at our website, www.bwsc.com, where you can read about our projects, strategy, and vision at BWSC.

BWSC does not receive, or handle applications sent via email in compliance with GDPR regulations.

About BWSC

Burmeister & Wain Scandinavian Contractor A/S (BWSC) is a global power plant Operation & Maintenance and technical service provider with engineering expertise, enabling power plant owners to deliver cleaner and affordable energy. We are experts in servicing, upgrading, operating, and maintaining energy systems for diesel, natural gas, and renewable baseload power plants worldwide. We help our customers increase reliability and availability of energy production, improve efficiency and performance of their power plant, design and integrate future-proof technologies, and secure lower cost of maintenance.

Our people are at the core of everything we do and key to a positive relationship with our customers. We invest in our people and their wellbeing, to ensure continued success and

growth of the company.
